Lake Villa Offered Land for Library

By BETSY ROSSEN

It's definite. The Lake Villa Township Library board has been offered land at the intersection of Grand Ave. and Deep Lake Rd.

At a special meeting Monday night, Pete Wilton presented a formal offer of approximately one and one-fourth acres.

John Gridley, fulfilling a verbal commitment made at the last meeting Nov. 8, will also be

Guess Who's Coming Here Saturday?

Santa Claus will arrive in Antioch Saturday, by fire truck, riding down Main Street at 12 noon.

The Antioch Chamber of Commerce & Industry is bringing him to town.

From 12:30 to 5:30 p.m. Santa will visit with youngsters at White's Ice Cream Parlor, 775 Main St. Free refreshments will be served.

Also on Saturday the Chamber, in cooperation with the PM&L Theatre, will present two

performances of the "Ransom of Red Chief" at 2 and 7:30 p.m. Two hundred persons will be seated at each performance on a first-come, first-served basis, no tickets necessary. An adult must accompany children.

On Friday, Dec. 3, the Chamber and village of Antioch will hold a community tree lighting at 6:30 p.m. in front of the village hall. Everyone attending the ceremony is encouraged to bring an ornament to help decorate the community Christmas tree. Antioch Community High School choir members will sing and refreshments will be served.

Following the tree lighting, children to age 14 are invited to a free Christmas film program at the Antioch fire station sponsored by the park board. Refreshments will be served.

Stores will begin Christmas store hours Friday, Dec. 3, staying open until 9 p.m. Monday through Friday and from 10 a.m. to 4 p.m. on Sundays. Regular store hours will be observed on Saturdays.

Mailbox Vandalism

Lake County sheriff's deputies and postal inspectors have been asked to keep a close watch for mailbox vandalism in Antioch township.

Postmaster Gerald Ehrhart said there has been "an abnormal amount of damage to mailboxes in our rural areas."

Persons observing vandalism to mailboxes can contact the sheriff's department, or the postal service, to help apprehend the persons responsible and curb the vandalism.

A LOT OF CARPENTRY WORK was done last weekend on Antioch's Bicentennial saw mill project. Walter Shepard, the village's superintendent of public works, enlisted the aid of about 20 volunteers and the structure went up first. Among those helping were (from left) Village

Clerk Marilyn Sterbenz, Shepard, Mayor Bob Wilton, Bicentennial Commission Chairman Bill Brook and Village Treasurer Shirley Gutowski. The replica of the original saw and grain mill built on Sequoit Creek in 1839 will be completed next year.

The Town Crier

ONE OF THE VILLAGE wits has an interesting suggestion, after McDonald's Restaurant establishes itself on Orchard St., west of the water tower.

His idea is to put a sign on Rt. 173, near Teresi Chevrolet, saying:

"McDonald's ahead ... go right at the stop light, then turn left at the traffic jam."

EVERYONE IN ANTIOCH knows Hugo Holbeck, popular member of the fire department and Republican precinct committeeman. But we have received a report of a strange coincidence ... that there is a fellow by the same name, Dr. Hugo Holbeck, practicing medicine in central Illinois, in the town of Minonk. It's a small world, isn't it?

OUR EXPERT on horses, women and bumper stickers has come up with some new ones this

Escorting your 14-year-old to her school's father-daughter dance is a challenging new test for a man.

I am pleased to announce that I passed it superbly. I didn't even cry.

Such events are designed to tug at your heart. "Last year, Dad, I hear that half of the fathers and their daughters had tears running down their cheeks ... it was too much!"

Teen-age daughters have a way of pouring it on. Color slides taken when they were little girls on daddy's lap were flashed on a large screen as the sweet young things performed their skits: "Oh My Pappa," "Turn Around," and "The Men in My Little Girl's Life..."

You could have poured it on pancakes. Good thing there's nothing sensitive or sentimental about me.

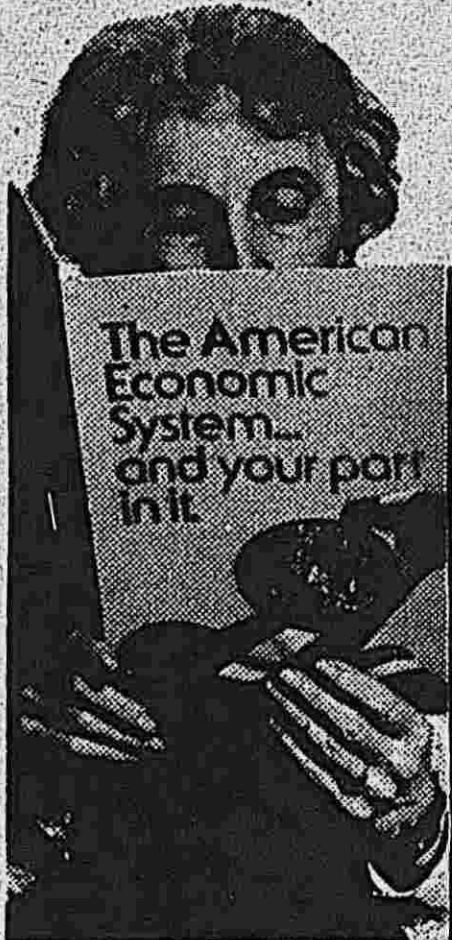

For the dads it was almost like a high school reunion. Many of my old pals have daughters who go to school with mine. In fact, we're almost becoming a club. It seems we met in various maternity-ward waiting rooms, then found ourselves flung together again five years later when the kindergarten band gave its concert.

(I remember the screeching of the string section and one of the guys whispering, "I'll bet there isn't a dog within four blocks." And a car backfiring outside and a father snickering, "I think the

donating adjoining property for a total package of two and one-half acres.

TWO OTHER TWO-ACRE PARCELS were discussed Nov. 8: close to the Intermediate School, north of Monaville Rd.; and adjacent to Prince of Peace School, east of Rt. 83 and a nearby pond.

At that time the board expressed its preference for the Deep Lake - Grand location, despite Wilton's favoring of the property near Intermediate School.

The board then requested he make a final offer by Monday, Nov. 22.

The property is set back 300 feet south of Grand Ave., in line with Deep Lake Rd. An access road will be required to the triangular-shaped building overlooking Sand Lake.

FUNDING FOR THE BUILDING is the next issue. The board is applying for a local public

works grant covering 100 percent of construction costs as drawn.

Board chairman Tony Leisner says that the board members will be meeting today (Wednesday) with their architect and attorney in hopes of filing by Monday. All applications for grants are due Friday, Dec. 3.

Even if denied federal funding, the board is anxious to use the donated land. Looking for what Leisner terms "an affordable alternative," they may turn to pre-fabricated libraries similar to some 40 now in use in West Virginia.

"IF NEITHER IS VIABLE," Leisner continued, "we will be forced to go to shopping center rental."

Township residents defeated a two-part referendum held in September, turning down both a Lindenhurst site and increased taxes for the project.

The library is presently renting space at 117 Cedar Ave. As of Jan. 1, rent will be increased from \$250 to \$400 per month, not including heat.

Blacks, Whites Mix Socially In New Nation

Will success spoil the Republic of Transkei? It's not likely to, but considering the disdain with which the press greeted the world's newest nation last month, we aren't likely to hear much about its success.

Home of a million-and-a-half members of the Xhosa tribe and about 3,000 whites, Transkei had the "misfortune" to be granted independence from South Africa after 13 years of peaceful transition via self-government, rather than to wrench itself loose in a civil war.

One American columnist bemoaned the fact that Transkei wasn't created out of "struggle." Perhaps he had Angola in mind as a model.

Many observers seem to have let their distaste for South Africa's apartheid policy lead them to automatic and ritualistic denunciation of the new state without examining its positive aspects.

APARTHEID IS OUT in Transkei. Blacks and whites mix socially and compete for jobs. In fact, two features of independence week were the opening of the capital city's municipal swimming pool and movie house to mixed patronage. Both were previously all-white.

All but about 300 of Transkei's civil servants are black.

About the size of New Hampshire and Massachusetts together, Transkei is mostly farming and grazing land ripe for greater agricultural development.

There are also about 50 industries and the new government is offering incentives for outside industries to come in.

Unlike several other African states of recent vintage, Transkei is not landlocked.

Fresh air is limited—pollution here to stay

By SIDNEY J. HARRIS

Some months ago, while doing research on the general subject of pollution, I learned how dumb I had been all my life about something as common and familiar — and essential — as air.

In my ignorance I had always thought that "fresh air" was infinitely available to us. I had imagined that the dirty air around us somehow escaped into the stratosphere, and that new air kept coming in — much as it does when we open a window after a party.

This, of course, is not true, and you would imagine that a grown man with a decent education would know this as a matter of course. What is true is that we live in a kind of spaceship called the earth, and only a limited amount of air is forever available to us.

The "walls" of our spaceship are called the troposphere, which extends about seven miles up. This is all the air that is available to us. We must use it over and

over again for infinity, just as if we were in a sealed room for the lifetime of the earth.

No "fresh" air comes in, and no polluted air escapes. Moreover, no dirt or poisons are ever destroyed; they remain in the air, in different forms, or settle on the earth as particulates. And the more we burn, the more we replace good air with bad.

Once contaminated, this thin layer of air surrounding earth cannot be cleansed again. We can clean materials, we can even clean water, but we cannot clean the air. There is nowhere else for the dirt and poisons to go — we cannot open a window in the troposphere and clear out the stale and noxious atmosphere we are creating.

Perhaps every child in sixth grade and above knows this; but I doubt that one adult in a hundred is aware of this basic physical fact. Most of us imagine, as I did, that winds sweep away the gases and de-

bris in the air, taking them far out into the solar system and replacing them with new air.

The United States alone is discharging some 130,000,000 tons of pollutants a year into the atmosphere, from factories, heating systems, incinerators, automobiles and airplanes, power plants and public buildings. What is frightening is not so much the death and illness, corrosion and decay, they are responsible for — as the fact that this is an irreversible process. The air will never be cleaner than it is now.

And this is why prevention — immediate drastic and far-reaching — is our only hope for the future. We cannot undo what we have done. We cannot restore the atmosphere to the purity it had before the Industrial Revolution. But we can, and must, halt the contamination before our spaceship suffocates from its own foul discharges.

composer just shot himself.")

The kindergarten band looks a lot different 10 years later. Sparkling young ladies in long dresses, with hair flowing like waterfalls, and smiles that would disarm a drill sergeant.

That little girl who thought I was perfect a few years ago still loves me (she told me that) but apparently no longer thinks I'm flawless.

In the car on the way to the dance:

"Now don't be offended, Dad... Please understand, this is standard procedure. Okay, here goes. Don't clown around when you're dancing with me, okay Dad? And don't tell any of your jokes. My friends have heard them all. You understand, don't you Dad? None of that funny stuff tonight, please. I'm not hurting your feelings, am I Dad? You know I love you, but ... gee this means so much to me. And when you sit, Dad, be sure your leg doesn't show above your socks. And don't just stand around all the time, Daddy. When I'm talking with my girlfriends, well, you know, you kind of get lost and talk to some of your friends. You do understand, don't you Dad? Oh, and above all, don't brag about me. Please don't brag about me! I'll just die if you do."

Oh well, in a few years she'll turn around again and realize, after all, that I am perfect.

CRITICS SCOFF THAT Transkei will not be economically independent, a sin easily overlooked elsewhere in Africa.

The irony isn't lost on the new nation's Prime Minister Kaiser Matanzima. He makes the point that "All countries are dependent on other countries. There is not a single state in Africa that is economically independent."

In fact, if economic independence were a test for political independence, he says, "Three quarters of the members of the U.N., including many African countries, have not earned their independence."

TRANSKEI DID NOT rush to join the noisy Third World bloc in the United Nations, nor has it demanded vast redistribution of the world's assets. This also puts it at odds with liberal orthodoxy.

In fact, there has been a good deal of tut-tutting

on American editorial pages about the "artificiality" of Transkei. Despite its grant of independence from South Africa, it is somehow to be regarded permanently and forever as part of South Africa until that nation rids itself entirely of apartheid.

(South Africa has planned to grant independence to eight other tribal homelands.)

ANOTHER CRITICISM is that independence was thrust on Transkei to serve South Africa's own purposes (maintenance of apartheid).

Matanzima disagrees. In a recent interview he pointed to Transkei legislative assembly reports over the last 40 years in which a number of motions were recorded requesting self-government as a forerunner of independence. It was granted in 1963.

Transkei had been a British colony attached by the British in 1910 to the Union of South Africa so there was a precedent for the separatism movement.

The fact that South Africa so far is the only nation to recognize Transkei provides a short of self-fulfilling prophecy for the critics who didn't want it created in the first place.

Transkei may be alive and well, but then so is hypocrisy.

JOANN SPRINGER was the guest of honor at a baby shower given by her daughters Nancy and Wanda. Twenty-eight friends and relatives surprised her with many beautiful gifts, including 24 boxes of disposable diapers.

It has been 16 years since Mrs. Springers youngest child was born and she commented on how pretty the baby clothes are now. I guess everyone wanted her to know of the convenience of disposable diapers.

The shower cake was made by Tenza Jandula. Along with relatives from Kenosha, Winthrop Harbor, Zion and Long Lake, JoAnn was surprised by Oakwood Knolls friends, Judy Moffett, Shelby Wais, Faith Gagnon, Elaine Weber and Vicky Beaufoy.

We will be thinking of JoAnn in February when her 4th child is due.

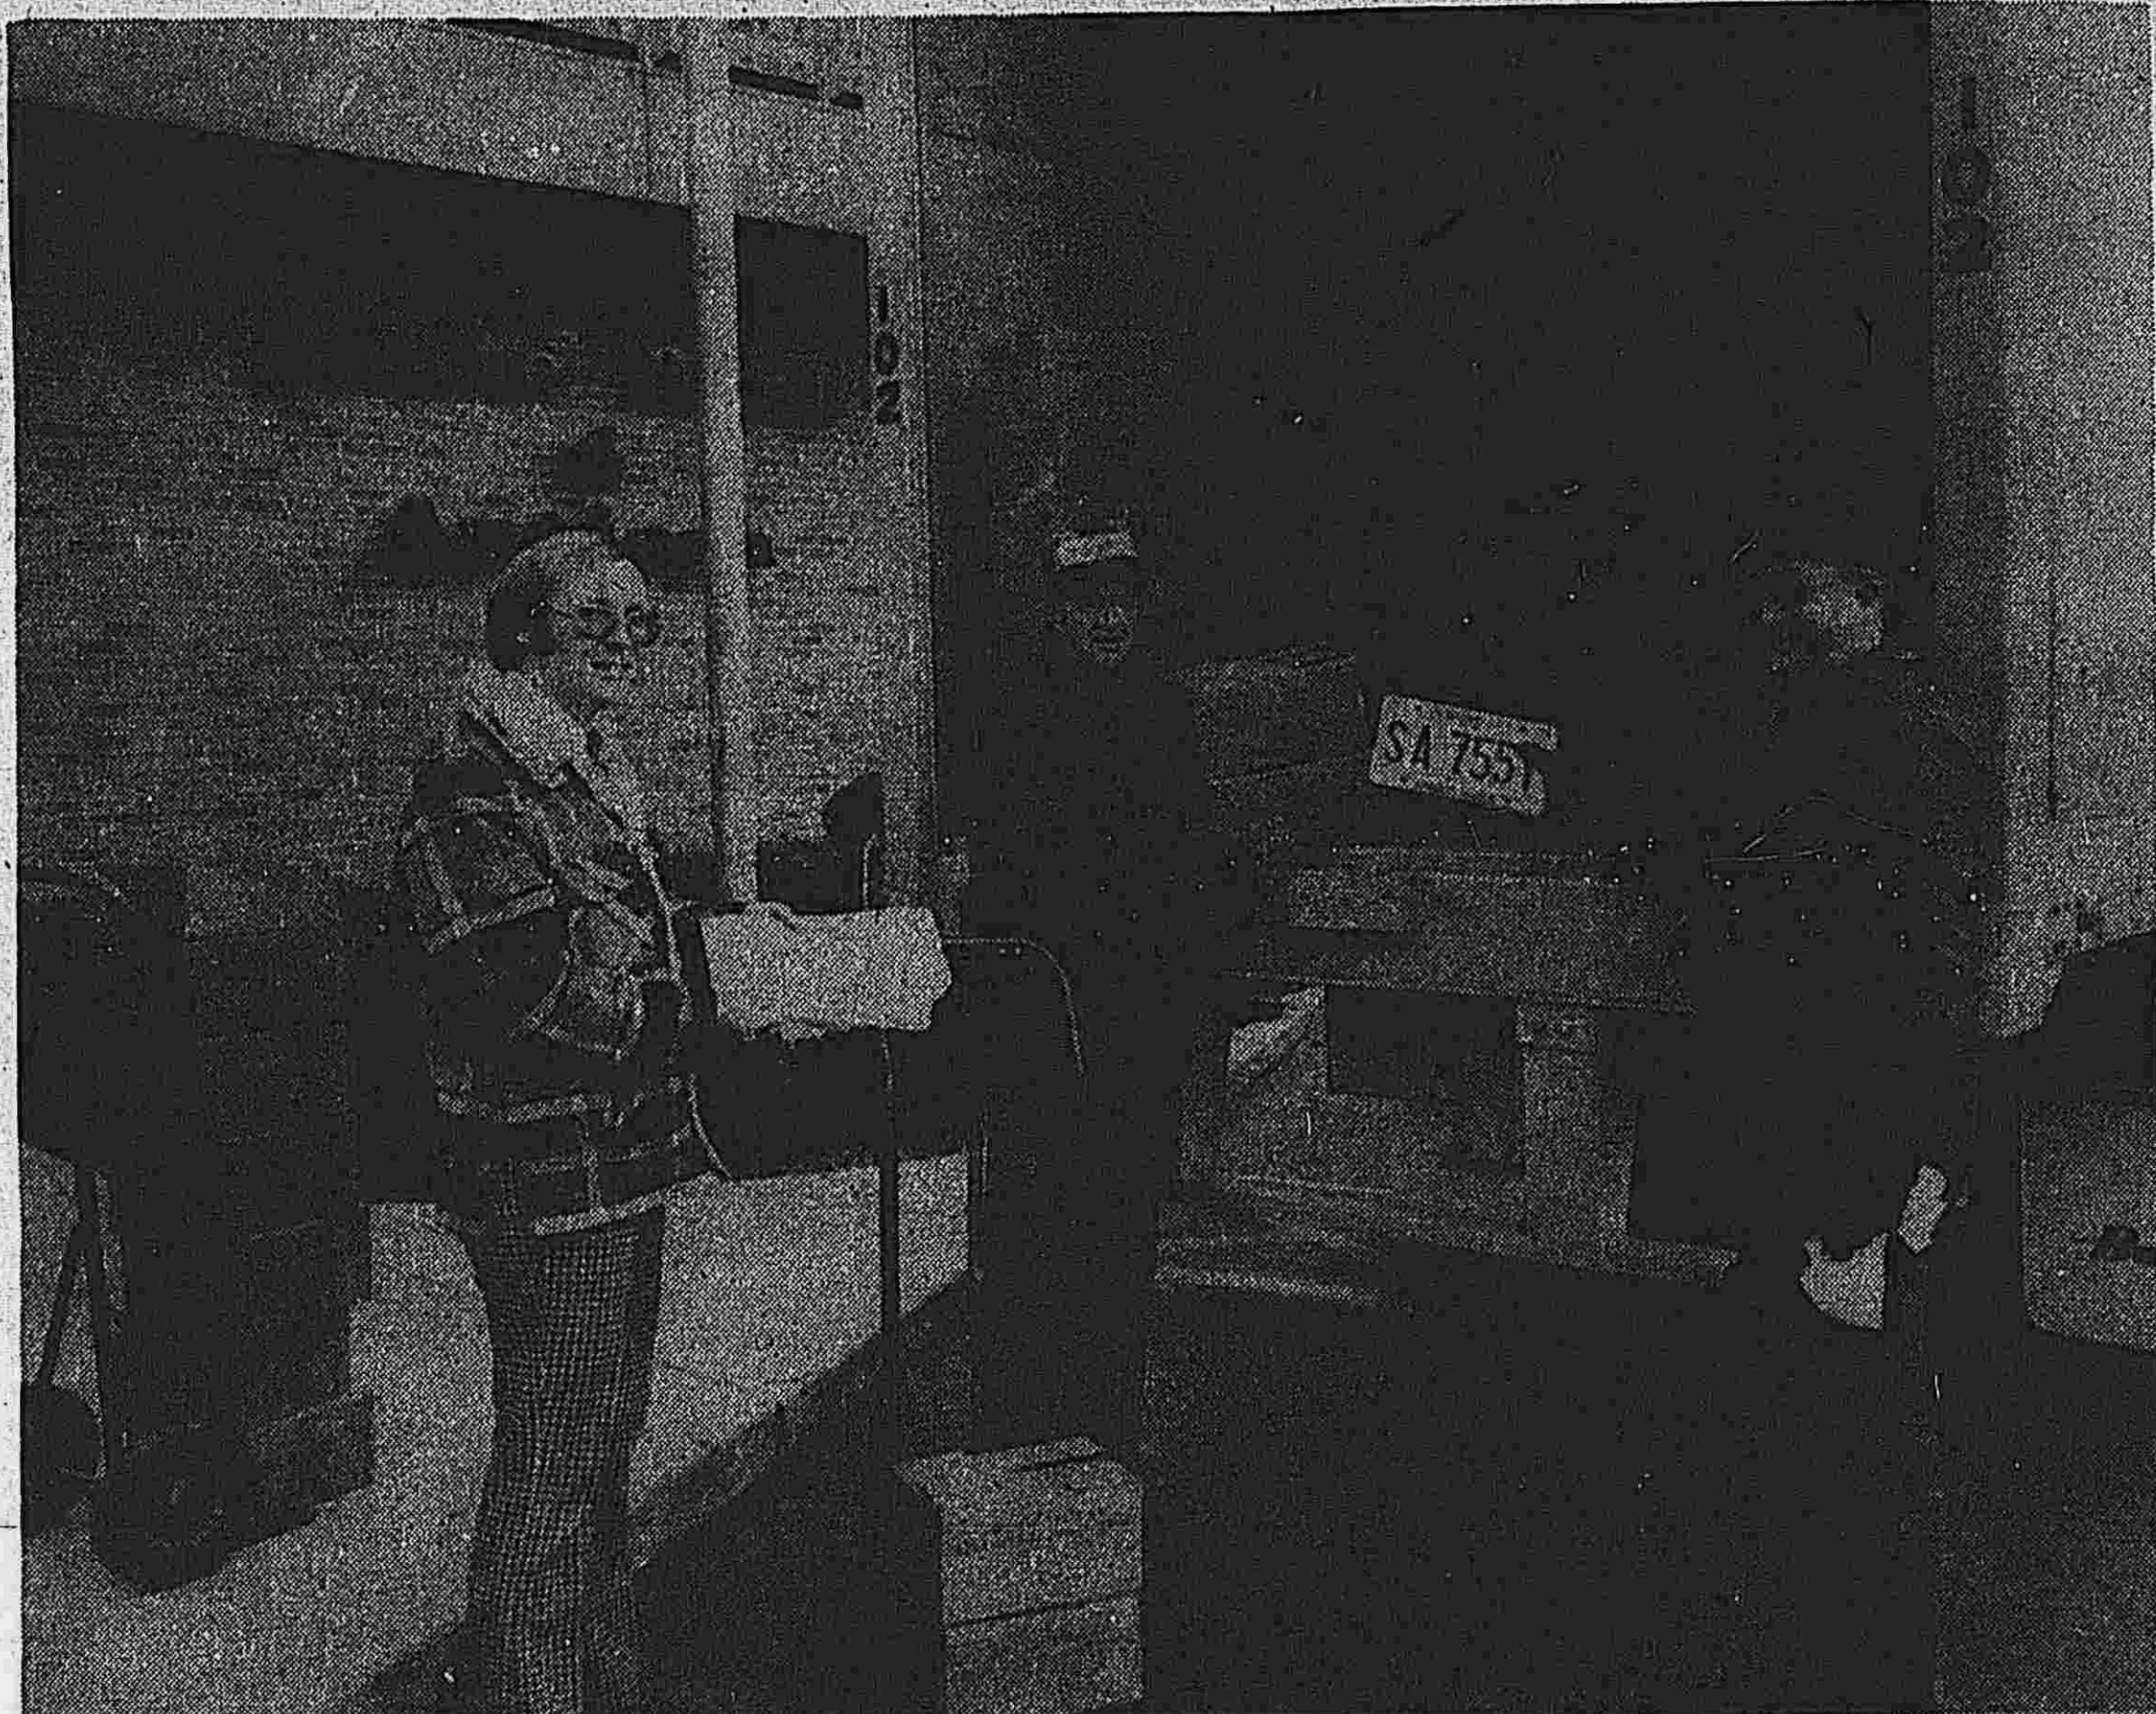

CONGRATULATIONS TO VICKY and Jeff Beaufoy on the birth of their first child, Timothy Kenneth, who made his debut Oct. 27.

A shower was given the night before by Judy Moffett and Shelby Wais.

Doris Veith is the new secretary, replacing Jeannine Leonhart. Terry Richardson is committee chairman for the lagoon.

OUR CONDOLENCES are with Ramona Pyzyna on the loss of her son, Stanley.

Happy Thanksgiving, everyone! Call 395-6597 with news of interest.

LICENSE PLATES HAVE ARRIVED - The 1977 auto vehicle license plates were recently unloaded at the State Bank of Antioch by, left to right, Ed Roach, comptroller; Einar Pedersen and Jim Ferrier, holding a sample of the Illinois plate which will be on sale at the bank beginning

Thursday, Dec. 2. As an authorized agent for the office of the Secretary of State, the State Bank will issue 1977 auto license plates to applicants with pre-printed renewal forms, a standard license requirement.

Shop Class Company Forms

Once again eighth grade industrial education students at Antioch Upper Grade School are involved in learning about the American free enterprise system by forming a corporation.

The formation of Plant Stands, Inc. is now complete and the saws and sanders are buzzing away. The first step was to issue stock certificates, with nearly all students buying shares in the company. The projected returns on investment are between 15 and 30 percent.

Each of seven classes selected a shop foreman to make decisions and supervise work. Design for the plant stand was submitted by Tim Palm. Following two weeks of

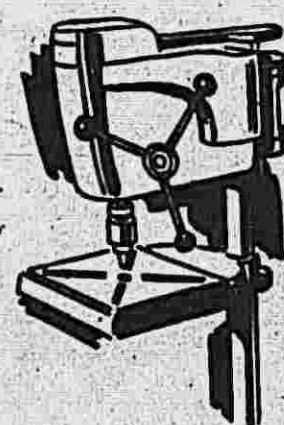

job training and waiting for nearly \$450 worth of lumber, glue and stain to arrive, production began Nov. 4.

A goal of 300 plant stands was established, to be finished and sold within a four-week period. They will be available in a variety of wood tones and will retail for \$4. Any profit from the venture will go toward the purchase of new shop equipment.

Supervisory positions are held by Jeffrey Camphouse, Kenneth Redlin, Richard Mitchell, Dave Svoboda, John Schmidt, Dean Haviland and Peter Jung. Each class has an

accountant with Andrew Dugenske serving as head accountant. Neither the shop course nor the corporation is limited to boys; girls have also elected to take Industrial Education.

Each salesman will realize a profit of five percent sales commission from each stand.

In an afternoon ceremony, Oct. 23, at St. Peter's Church of Antioch, Mary P. Barr became the bride of John A. Mors. The bride is the daughter of Mr. and Mrs. William Barr, Antioch; the groom, the son of Mr. and Mrs. E.J. Mors of Northbrook.

Attired in Victorian style ivory silk organza complimented by lace applique and seed pearls, the bride was given away by her father in the double ring ceremony. The bouquet was made of white orchids and white roses.

Ellen Ipsen, sister of the bride, served as matron of honor, with Jeffrey Vitt as best man. Also attending the new Mrs. Mors. were Nancy Barr, Julie Barr, Judy Barr, Chris Mors and Peggy Gaughan. Standing up for the groom were Randy Ludwig, William Barr, James Bauer, Thomas Mors and Donald Mors.

Jennifer Barr as flower girl and Christopher Mors as ring bearer completed the bridal party. Michael Barr was master of ceremonies at the reception at Antioch Country Club.

Following a honeymoon in Hawaii, the couple now resides in Antioch.

The bride graduated from Antioch Community High School, College of Lake County and Northern Illinois University, where she was a member of

Kappa Delta. The groom, who is presently employed at Hobart Welding and Supply Company, graduated from Glenbrook North High School and Harper College.

MR. AND MRS. JOHN MORS

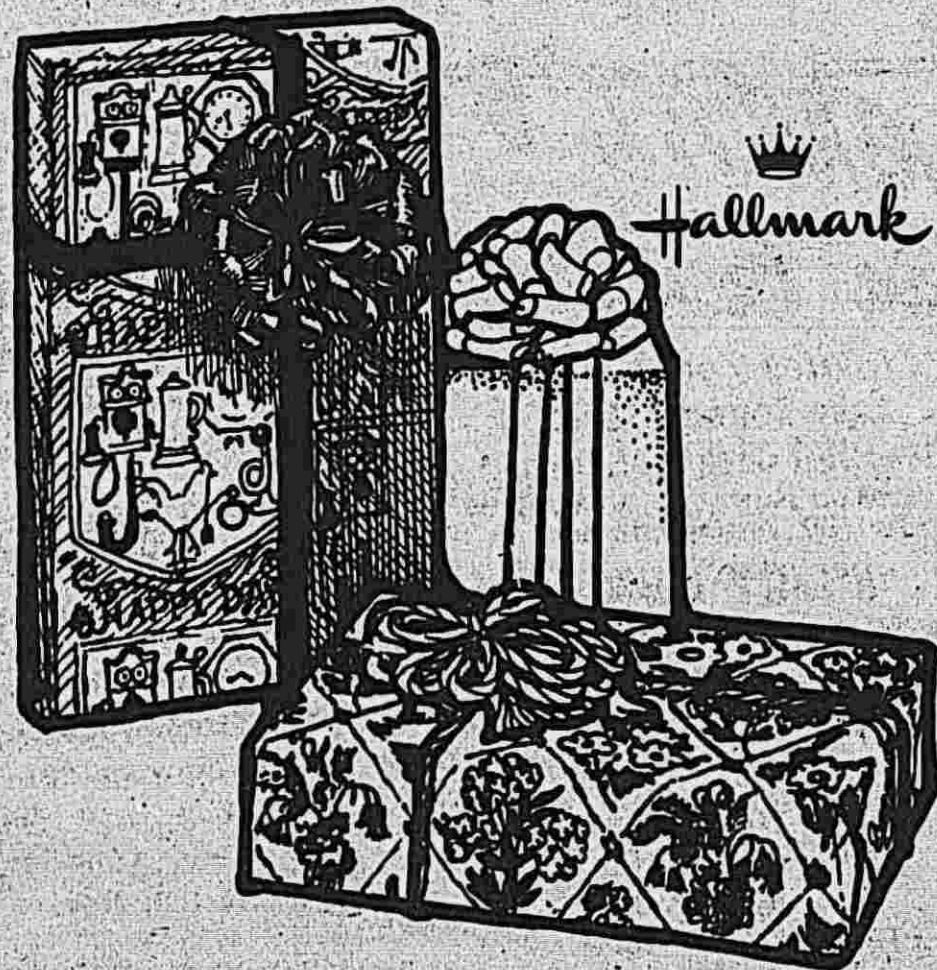

Apple Eyed As Cake Ingredient

"Oh, Applesauce!" "Razzberries!" "Baloney!" A market order with gusto? No, these words were once used as slang to express the feeling that something was all nonsense. There's no nonsense, however, in this Applesauce Cake—just good wholesome eating.

Backstage Crew Vital to 'Ransom'

As the house lights dim and the stage lights come up on "The Ransom of Red Chief" at 8:30 p.m. Dec. 3, 4, 10 and 11 at the PM&L Theatre, theatre-goers will be enthralled with the plot of the story that unfolds before their eyes.

But what goes into the hours of preparation needed for a community theatre production? The audience is aware of the talent of the cast and the visual effect of the scenery, but frequently has no idea of the work of the production staff.

State manager Aileen Biel has spent as many or more hours than the actors keeping track of stage directions, set changes and the line of traffic back stage as each actor readies for entrances and exits.

Set manager and veteran set builder is Hank Apostol, who had the momentous task of creating three separate scenes: a cave, a park and a kitchen. Set decor artist Pat Sershon then made the scenes come alive.

Lighting for this show is done by the new lighting workshop class under the direction of Bill Sershon. Costumes are usually supplied by each actor. The biggest problem was finding the right kind of striped T-shirts for Red.

Publicity is done by Betty Smouse and Pat Sershon, who designed the posters. This year a radio interview is arranged for the WKRS luncheon show.

Director Tom Hausman, drama director at Wilmet High School, has acted with PM&L for many years and directed "Streetcar Named Desire" last year. He mixes all these crews together, adds the actors and actresses who have been creating their new characters for approximately six weeks and comes up with "The Ransom of Red Chief," which is sure to please the entire family.

Call 395-3055 for reservations. Early reservations are recommended because seating is limited.

An added item of interest will be a lobby art display by students from Wilmet High School under the direction of Frank Vaitkus.

The sun is 110 times larger than the earth.

JOEL WILSON, marching here with his baritone, is just one of the many members of the Antioch Grade School bands who will appear in a Christmas concert at 3 p.m. on Sunday, Dec. 12, at the Upper Grade School gymnasium. A reception will follow the hour-long concert.

Astro-Analysis

By Sonia

ARIES [March 21-April 19] - Confusing issues should be handled tactfully. Deal with each obstacle in a logical manner; more can be accomplished with a joint relationship so get partner's consent.

TAURUS [April 20-May 20] - You get more time for new plans and ideas as previous pressures tend to let up. Consider aiming in a new direction for future goals.

GEMINI [May 21-June 21] - Don't expect full approval from associates where personal aims are concerned. Go ahead and get things moving constructively.

CANCER [June 22-July 21] - You may be tempted to take on too many additional responsibilities; think twice before becoming obligated to anything else for the time being.

LEO [July 22-August 21] - Accept new challenges with confidence; you can handle most duties successfully now. Creativity should be allowed a chance to expand.

VIRGO [August 22-September 22] - Try to be objective when dealing with matters pertaining to domestic affairs. It may be wise to discuss things with an older individual who can see both sides.

LIBRA [September 23-October 22] - A week when you should take full advantage of every new opportunity. Use your communicative skills to contact people who will work with you.

SCORPIO [October 23-November 21] - Think about present financial conditions and how you can best improve things. A good week to establish a more stable ground where career is concerned.

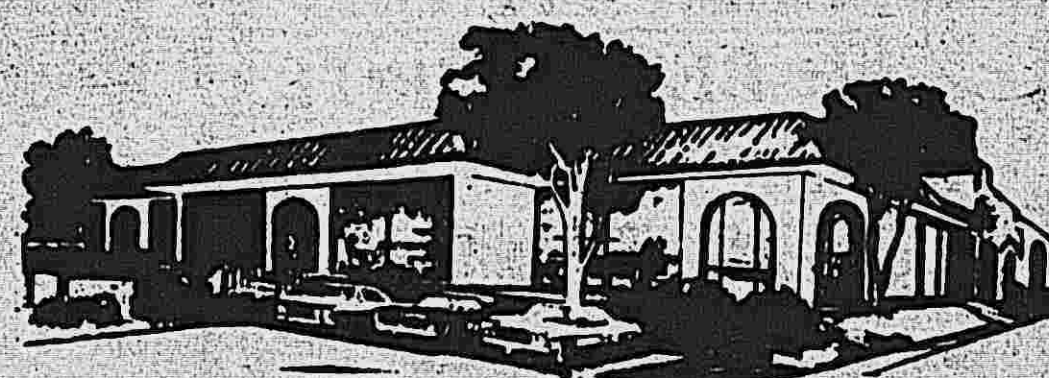

SAGITTARIUS [November 22-December 20] - Exercise determination and assertiveness to accomplish your personal goals. Achievement comes through your own efforts now so don't be shy about moving forward at a more aggressive pace.

CAPRICORN [December 21-January 20] - Don't be too quick to judge the actions of others, there may be more to present circumstances than meets the eye. You work better alone now so plan your week accordingly.

AQUARIUS [January 21-February 19] - By associating with others you may get a fresh new outlook on things. Social goings on should be an important part of your plans this week so accept invitations out.

PISCES [February 20-March 20] - Take time off to do a more thorough job of advance planning. By looking ahead you are in a better position to promote sound career plans.

Burglars At Work In Area

One burglary and two attempted break-ins have been reported to Antioch police in the past few days.

On Saturday morning an employee at Orchard Medical Center, Orchard St. and Hillside Ave., called police to that building. During the night someone had broken a window to gain entrance and one office was broken into and ransacked. Police said \$30 in petty cash was taken.

Ed Sorenson, owner of Sorenson's Bait Shop, Rts. 59 and 173, reported an attempted break-in on Monday evening. A screen door was broken but entrance was not gained.

Police also found a rear door open at 167 Lakewood Drive on Sunday afternoon. Officer George Gialds investigated and said an attempt was made to break into the home but the would-be burglar apparently failed.

Christmas Mailing Deadlines Advanced

The Postal Service has advanced its suggested Christmas mailing deadlines for domestic parcels and letter mail to Dec. 3 and 10, respectively, in anticipation of an exceptionally high mail volume.

Citing the impact of greatly increased mail volumes generated by the 15-state United Parcel Service strike in the East and South, and its effect on other parts of the country, the Postal Service said it is compelled to ask the public to mail even earlier than normal.

Antioch's postmaster, Gerald Ehrhart, said:

"Because of the dedication of its employees, many of whom have been working long hours, the Postal Service has had little trouble handling the increased mail volume since the parcel strike began in mid-September. We are confident we will continue to be able to cope with the increase, with the cooperation of the public and major mailers."

"As Christmas nears, more and more of the

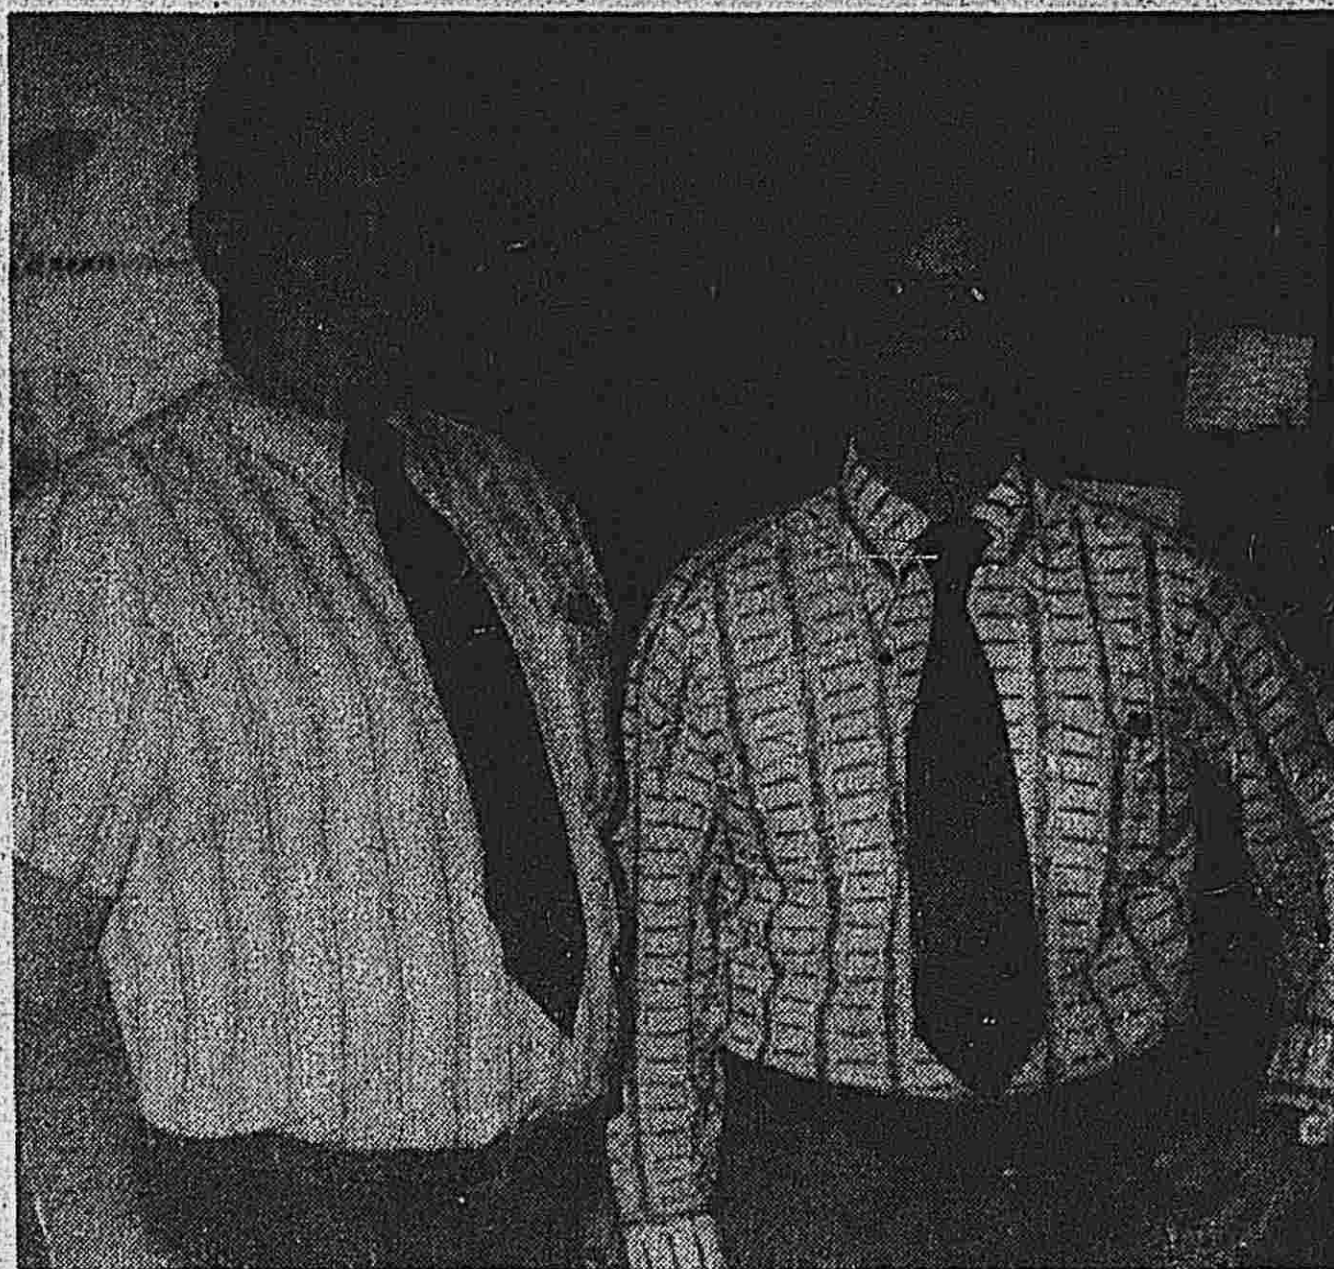

mail will be from the general public, deposited at neighborhood post offices, branches and stations, on top of the already unprecedented business mail volume," Ehrhart said.

As a result, he said, while priority will be given to letter mail, many postal facilities normally dedicated to letter mail may have to be used to prevent an unmanageable backlog of parcels.

Therefore, Ehrhart said, "We strongly urge the public to deposit their parcels by Dec. 3 and their letters and greeting cards by Dec. 10 to assure delivery by Christmas.

The previous suggested mailing dates had been Dec. 10 for domestic parcels and Dec. 17 for letter mail.

"Customers are strongly urged to deposit overseas packages and greetings immediately, and to send them by airmail if they want to assure delivery by Christmas," the postmaster said.

ANTIOCH'S NEW POSTAL SUPERVISOR, Tom Kane (right), has reported for work as second in command under Gerald Ehrhart (left). Tom comes to Antioch from the Oak Park post office and plans to move here in the near future.

CLC NEWS

Senior citizens who face taking a written test to earn or renew an Illinois driver's license will receive free help from volunteer seniors in several locations throughout the county.

The program, offered by the College of Lake County in cooperation with the Illinois Secretary of State's office, will cover road signs and rules in three small informal classes. A "mock" eye test will also be given.

A class will be held at the College of Lake County (Room A156) in Grayslake on Dec. 2, 9 and 16 from 10 a.m. until 12 noon.

The numbers to call for more information and pre-registration are 587-7274 or 367-1193.

A class also will be held at Grant Township Hall in Ingleside on Dec. 3 and 10, from 9:30 a.m. till 12 noon. For information, call 546-3371 or 546-9292.

Another class will be offered at Leisure Village auditorium in Fox Lake on Dec. 1, 8 and 15, from 10 a.m. till 12 noon. For information and pre-registration, call 587-0489 or 587-7753.

THE BASIC EDUCATIONAL Opportunity Grant (BEOG) program is a fast growing financial aid resource available to College of Lake County students.

This semester, 300 students have received more than \$105 thousand in aid to help meet the cost of education.

Sam Mazman, director of financial aid at CLC, estimates that many more students attending CLC would be eligible for funds if they would apply. In addition, says Mazman, there may be hundreds of Lake County residents who may not be taking advantage of the educational training offered by CLC because of lack of finances.

THANKS TO OUR good friend, John Schalk, we can share some more humor with you today. John sent us these gems:

Sign at a loan company: "Now you can borrow enough money to get completely out of debt."

Sign on new batteries displayed in a garage. "Wanna start something?"

To improve your memory, lend people money. The easiest way to stay awake during an after-dinner speech is to deliver it.

Have you ever stopped to think how many people in this country pray in the street? They are called pedestrians.

Somehow or other, as we grow older, work seems a lot less fun, and fun seems a lot more work.

The great problem is that the key to success doesn't always fit your ignition.

Sign on an antique shop: "Come in and buy what your grandmother threw away."

Not all teenagers contradict their parents. Some of them don't pay that much attention.

The nice thing about dictating letters is that you can use a lot of words you don't know how to spell.

Sentenced To Prison For Arson

Lake County Judge Harry Strouse last Wednesday, sentenced a 21-year-old Antioch man to a 1½-to-15 year prison term after he pleaded guilty to setting the Soo Line Railroad depot on fire last summer.

Asst. State's Atty. Mark Zide agreed to drop other arson charges after the young man admitted he set the blaze which caused an estimated \$20,000 in damages to the 100-year old depot. He was caught by police shortly after the fire broke out Aug. 19 as he left the scene on his bicycle shortly after midnight.

The youth had been under surveillance after police saw him riding a bicycle away from two garbage fires at St. Peter's Church and at the Antioch Shopping Center. Arson charges in connection with those fires were dropped.

Although two Antioch policemen saw the young man dumping two barrels of oil on the depot platform, they were unable to stop him before igniting the flammable substance.

The explosive fire caused one policeman to suffer second degree burns. Three firemen suffered minor burns.

Apaches Earn Tie For First

The Antioch Upper Grade Apaches boys softball team closed a successful season with a tie for first place. After suffering an opening game loss to Gavin, the Apaches won five straight games, giving them a 5-1 record.

Pitching played a key part in their success, never allowing more than seven runs in any single game.

Great defense also was important. Coaches Ochwat and Anderson agree that the '76 Apaches were the finest defensive team that they have ever coached at the Upper Grade School.

What's the outlook for next year? Bright! Of 22 active players, 12 will be returning next year.

THE ANTIOCH APACHES, Upper Grade School softball team which finished their season with a tie for first place, looks tough off the field as well as on. Front row (from left): Mike Fallon, Paul Kreulach, Tom Bailey, Dave Svoboda, Joel Fries, Dave Dyer, Mark Mohr, Mike

Pinkham, Mark Maglio and Mike Lochen. Second row: Tom Green, Tony Rumps, Carl Amundsen, Hank Gillman, Mark Williams, Brad Herbst, Gordy Nasenbeny, Haight Howes, Joe Weber, Frank Petykowski, Alan Ware and Tim Fosmark.

Girl Softball Team Enjoys A 5-2 Record

The Antioch Upper Grade School Apache girls softball team posted a 5-2 record this year in the Northwest Grade School conference, earning a tie for second place.

Although identical to last year's record, their showing is significant in two respects: last year it was only good for third place and a 16-inch ball was used last year instead of a 12-inch this year.

The girls improved in both hitting and fielding. Perhaps even more important was the team's ability to play good ball in tight situations, often coming from behind to win.

Team members were: Kathy Bailey, Chris Byrne, Brenda Harris, Lorna Whitton, Dee MacDonald, Amy Lewandowski, Karen Pape, Kirsten Laurin, Dawn

Flaschner, Connie Proctor, Dorothy Vos, Darlene Olson, Kristi Portalski, Renee Petykowski, Tammy Traves, Laura Stalley, Laurie Huck and Peggy Wegel.

Sequoits Begin Wrestling Season

Antioch High School's wrestlers open their season at 6:45 o'clock tonight (Wednesday).

Coach Ted DeRousse's team will host Mundelein and Zion.

On Friday and Saturday the Sequoit wrestlers will participate in a 32-team tournament at Rich South, in Richton Park - a southern suburb of Chicago.

Coach DeRousse has eight lettermen: Bob Gossman, Marvin Gibson, Tim Vander Meer, Tom Dye, John Kakacek, Rich Gorski, Bob Ducato and Geof Nordstrom.

conditions. They start readily from sparks, burn fiercely, crown readily and are generally accompanied by many spot fires.

THE DANGER OF forest and ground cover fires in Illinois is great at this time. Foresters throughout the state issue daily fire danger ratings as precautionary measures. Following a brief summary of the system used:

The fire rating for any given day will fall into one of five categories; low, moderate, high, very high or extreme. Ratings are computed using the National Fire Danger Rating System, using: rate of fire spread in a timber, rate of fire spread in fields, relative humidity, moisture content of fuels and wind speed.

Once the rating factors have been established a fire build-up index is computed, and the number rating translated into fire classifications which are then reported to the public. Index numbers, ratings and definitions are:

0-9 - Low - Fires will start from a lighted match, but tend to go out. The fire will not generally spread.

10-19 - Moderate - Fires start readily from a match, burn briskly and tend to spread rapidly as they increase in size.

20-29 - High - Fires start readily from a match or glowing cinder, spread rapidly and tend to crown (burn to the top) of young conifers.

30-39 - Very High - Fires will start from glowing cigarette butts or sparks; tend to spread rapidly and will crown in most trees. Spot fires are common (carried by wind ahead of main fire).

40-above - Extreme - Fires are in explosive

Sequoits Get First Basketball Test

By MIKE WITT

"As the season goes on, this team can only get better."

With that statement, Coach Roger Andrews may be indicating for Sequoit fans to be patient while watching their 1976-77 Sequoit basketball team develop.

The reason is that it's mainly an all-junior team, with all but four players on the two-year plan.

But this isn't to say this team won't be tough. Their starting line reads Tracy Sodman 6-3, Bill Dubek 6-4 and Tim Huebner 6-5. These three will be clearing the boards this year and triggering the

fast break. And all three can get up there. Their back-ups include Bruce Kecskemeti and Steve Pilcher, both seniors.

THE STARTING GUARDS will be Brian Andrews and the lone senior starter and letterman, Pat Houghton. They will be supported by Tom Huebner, Drew Dietz and Dennis Korjenek.

Look for the scoring punch to come mainly from Dubek, who has an excellent shot, and Sodman, who has a nose for the ball under the offensive boards. But all five starters are capable of scoring in double figures.

The Sequoits roll into action tonight (Wednesday) in the Barrington Turkey Classic and Coach Andrews expects his boys to hold their own.

"MY MAIN CONCERN at this point is that we may be weak inside in regard to bench support; and, of course, our overall inexperience. If we have foul trouble inside, Dubek is capable of filling in, but with his substitute we would be giving away some height."

Andrew's troops will definitely have their hands full in tonight's opener as they run into Elgin-Larkin.

Larkin has won the tourney the past two years on the strength of its two one-point victories over Antioch.

Coach Andrews commented, "Larkin has four starters returning, including 6-foot-9 Mike Henry, who is rated as one of the best big men in the state. Larkin also as a team is highly touted in this region for this season." (Remember that the dunk-shot is now allowed in high school ball.)

But Larkin won't be the only experienced team returning. Barrington has three returnees and scored an impressive opening win over Wheeling last week.

Cary-Grove has a big, rugged team with four starters back, and as Coach Andrews noted: "If they found themselves a ball-handler, they will be tough."

So this tournament promises to be an exciting one with some good basketball on display. The young Sequoits will have their hands full. The tournament schedule:

Wednesday, Nov. 24 - Elgin-Larkin at 8:30 p.m.

Friday, Nov. 26 - Barrington at 8 p.m.

Saturday, Nov. 27 - Cary-Grove, 6:30 p.m.

PROBABLE STARTERS for Antioch High's basketball team in tonight's opener are (from left) Brian Andrews, Bill Dubek, Tracy Sodman and Tim Huebner. They are pictured with Coach

Roger Andrews. The four juniors are expected to join senior letterman Pat Houghton in the Sequoits' starting lineup.

Kakacek and Dauck Are All-Conference

Two Antioch High School football players have been named to the official Northwest Suburban Conference all-star team, selected by the league's coaches.

They are defensive back John Kakacek and linebacker Rick Dauck. Dauck also played guard on offense.

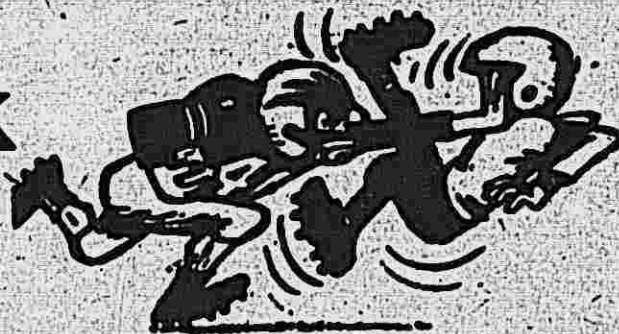

Coach Roy Nelson had praise for both of his all-conference players.

"John Kakacek is a gentleman on and off the field," the coach said. "He likes the game and although he weighs less than 160 pounds he backs

down from no one. He's also an excellent student, and that speaks highly of him."

"The same is true of Dauck," said Coach Nelson of his 180-pound linebacker. "He worked hard and played both ways, on offense and defense. He did a heck of a job for us the last two years, just as Kakacek did. I hate like heck to see players like that graduate."

Both Kakacek and Dauck are members of the school's wrestling team, which opens its season tonight.

THE ONLY returning letterman on this year's Antioch High School basketball team is Pat Houghton, who also was a star this fall on the school's championship golf team.
